We are an intermediary that is acting on your behalf when delivering our services to you.

You should use the information provided within this document to decide if our services are right for you.

What Type of Service Will We Provide To You?

Independent advice – We will advise and make a recommendation for you after we have assessed your needs. Our recommendation will be based on a sufficient range of retail investment products, financial instruments, and structured deposits.

A ‘sufficient range’ means that the products and services that we will advise on and recommend will be sufficiently diverse with regards to their type and issuers or product providers to ensure that our clients investment objectives can be suitably met.

What will you have to pay for our investment services

You will pay for our services on the basis of an adviser charge.

We will discuss your payment options with you and answer any questions you have. We will not charge you until we have agreed with you how we are to be paid.

We will discuss with you the basis of our charges, based on the types(s) of work we are asked to undertake for you.

We will discuss with you when you will have to pay our charges, both initial and ongoing.

All charge amounts quoted below are exclusive of VAT, expenses, and disbursements; these will be added to the invoice if applicable.

Costs of our Services

We charge fees for our services, typically as follows:

Charges for our Initial Service

Our initial advice will be appropriate for you, based on your requirements and circumstances at that time. We will not automatically ensure that any initial advice remains suitable for you at a later date unless you select to receive ongoing services from us.

Our services cover a wide range of situations. Perhaps you wish to invest a sum of money which you have recently received or is currently in cash deposits - an inheritance or a pension lump sum, for example. Or maybe you already have invested assets, but you are looking to appoint us as your financial advisers. We will review the existing investments and consider their suitability and where appropriate make recommendations and implement these. Initial advice charges depend on the complexity of the advice you require.

Here is our tariff of typical charges for Initial Advice:

The following table outlines the typical services we offer, what would be provided as part of each service, and an indication of the costs.

Where you require advice or services that fall outside the list of services outlined below please contact us to discuss your requirements and for details of indicative costs.

Please note we will agree any exact fees/charges with you in a separate Service & Payment Agreement before we commence any chargeable work.

We will confirm the actual adviser charges in writing within our separate 'Services & Payment Agreement' before providing our services to you.

If we do not agree a fixed adviser charge with you at outset, you may ask us for an estimate of how much in total we might charge for any service(s) provided. You may also ask us not to exceed a given amount without checking with you first.

Before we provide any services to you, we will gather information about your circumstances and needs. We will not make a charge for this.

Once agreed, the 'adviser charge' amount will not change, except where your needs or circumstances differ from our initial expectations.

CLIENT CATEGORISATION

This means that you are afforded the highest level of protection under the regulatory system and should have the right to take any complaint to the Financial Ombudsman Service (FOS).

Where we have categorised you other than as a 'retail client' (see above), you may request re-categorisation under a client category which benefits from a higher degree of protection. However, we reserve the right to agree to such a re-categorisation on a case-by-case basis, and where we agree to do so it does not necessarily mean that you will have a right of access to the Financial Ombudsman Service.

Further information in respect of the Financial Ombudsman Service is available on their website at the address below:

CAPTURING YOUR NEEDS

We are committed to providing you with a service that meets with your individual needs. To enable us to achieve this objective it is important that you are open and frank with us and provide us with all of the necessary information that we will need to deliver a service that reflects your needs. This will enable us to identify products and services that best meet with your personal circumstances. It will also help us to identify any specific needs regarding the methods by which we deliver our services to you. This may include additional ways of communication to those that we usually use as set out in the next section entitled "means of communication". For example, if you need information in large font due to sight difficulties, we can provide you with that.

Further information on how we collect and use your personal data is set out in the separate Data Privacy Notice that we have issued to you.

MEANS OF COMMUNICATION

We will enter into communication with you through whatever means are convenient to you, including face-to-face, telephone, paper, e-mail, and other acceptable electronic communication methods. This information will be provided free of charge.

You may at any time choose to change your preferences as to how we communicate with you. However, where you choose to do this, we will require you to confirm this change in writing to us.

RECORDS OF COMMUNICATIONS

We are required by our regulators (the FCA) to keep records of any telephone conversations or other electronic communications with our clients in relation to the arranging of transactions in investments that are categorised as financial instruments.

Please note that for telephone conversations the records will be obtained by taping calls.

The term 'electronic communication' covers many categories of communications and includes (amongst others) video conferencing, fax, email, Bloomberg mail, SMS, business to business devices, chat, instant messaging and mobile devices applications.

We will only accept electronic communications which are specified in our call recording policy. A copy of this is available upon request.

Unless confirmed in writing, to the contrary, we will assume that you do not wish to place any restrictions on the advice we give you.

The extent of any ongoing review will be determined by your needs.

We will also make arrangements for all your investments to be registered in your name unless you first instruct us otherwise in writing. We will forward to you all documents showing ownership of your investments as soon as practicable after we receive them; where a number of documents relating to a series of transactions is involved, we will normally hold each document until the series is complete and then forward them to you.

NOMINEE & SAFE CUSTODY SERVICES

We do not safeguard or administer client assets, but we may arrange business through platforms, which will provide custody services for your assets. Where this is the case, the legal title of investments will be registered in the name of the third party's nominee.

Transactions will be transmitted to the fund supermarket, investment wrap platform, or similar third-party investment institution for them to execute. Money or transferred assets will be placed immediately with that third party for investment – we will never hold the assets for you. We will provide you with the relevant account opening details for the identified third party such as their Terms & Conditions, Nominee and Safe Custody Service, Best Execution Policy, Execution Venues and Conflicts of Interest Policy (or equivalent documents). You will be liable to pay for any transactions made and / or services carried out prior to termination and any adviser charges or other fees which may be outstanding.

CONFLICTS OF INTEREST

Occasions may arise where the firm, an employee, or other associates of the firm has competing professional or personal interests which may prevent these services being provided to clients in an independent or impartial manner.

Medics Financial Services Ltd takes all the appropriate steps to prevent conflicts of interests from occurring in line with the firm's conflicts of interest policy. However, there may be occasions where a conflict of interest cannot be prevented. Where this is the case, we will disclose to you the nature of the conflict and the steps that we will take to mitigate the risks that you will be treated unfairly as a result of any conflicts identified.

We will make you aware of any conflicts of interest before the provision of services to enable you to choose whether you still wish to proceed with services. You can download a copy of the firms' conflict of interest policy from our website via the following link:

<https://www.medicswealth.com/about-us/legal-regulatory-status/>

We may on occasion receive minor non-monetary benefits from third parties such as product providers e.g. food and drink provided at a provider training event. Where relevant, any minor non-monetary benefits received will not conflict with our duty to act in your best interests.

BEST EXECUTION POLICY

It is in the interests of our clients and Medics Financial Services Ltd that we obtain the best possible result when placing orders with other firms (e.g. third party brokers) for the execution of client orders or when transmitting orders on behalf of clients for particular investments – e.g. shares. We are required under the Rules of the Financial Conduct Authority to take all sufficient steps to provide 'best execution' when carrying out such transactions.

Where we place or transmit orders for such investments on behalf of our clients, we may utilise the services of a third-party broker and base our decision to place or transmit an order on the price and cost of execution of the order. For orders in collective investment schemes (e.g. unit trust), however, the price of units or shares in the scheme is normally set by the scheme operator or manager and as such we have little influence over the price available.

Full details of our best execution arrangements are provided in our Best Execution Policy, a copy of which can be provided on request.
